MEXICAN FIRES ARE SCARCE

We are in receipt of a copy of the Mexican Herald, published in Mexico City, telling of a recent fire in that place. The laws of this country are very peculiar in regard to fires. The block was called the Casa Florida and about nine o'clock p. m. smoke was noticed coming from the building by the gendarme. A police station was notified and an officer sent to investigate. The house was crowded with people but the officer put them out and sent word to the police headquarters and thence to the fire brigade, the latter appearing some 20 minutes after the alarm had been given. The firemen had a hard two hours' fight to save the block after a damage of \$60,000 to building and contents. Prof. Brown writes that this is the only fire he has known in the city in the past six months. Another incident was where a clerk started to get help to remove some goods from a store in the fire district was promptly arrested and put in jail. The owner of the property was ignorant of the fire until the next morning when he came to his place of business. He, according to custom was arrested and put in jail "incommunicado" until the cause of the fire can be investigated.

Another paragraph of interest is the work that is being performed by the Presbyterian church in that country. The dedication of the Margaret Whitaker McMurtrie memorial chapel took place Sunday, May 15. Prof. R. A. Brown was on the program for a lecture. A residence for the president of the school is also being erected as well as a dormitory. Other residences to be erected are for Rev. Hubert W. Brown who is finishing twenty years of service in this work and one for Prof. R. A. Brown who just recently took up the work. In the theological department there are 40 students. The article states that already \$10,000 has been expended on buildings and \$2500 more is needed. The great need of the mission at the present time is money.

GREENE COUNTY POLITICAL NEWS.

What reward are the two foremost political parties to reap if politics is conducted many years longer as it is today? The recent conventions at Wilmington when two candidates were chosen is but a sample of the work that is going on in both parties. Republicans are on the same level as the Democrats as far as a few men conducting affairs is concerned. A few years ago such fights were only regarded as being local differences; later on it worked into county offices, then into district positions and now we find identically the same thing in State politics. In Wisconsin we find two Republican tickets for offices from governor down. The present governor has been nominated for the third time by what the other faction calls "his own" convention. The anti-third termers left the convention and nominated a ticket of their own. The two candidates have the support of the two United States Senators and a lively time is looked for. While such conventions are common occurrences now-days, "what is to become of the parties?" One fact is established and proven in our own congressional squabble that the "boss" element must be eliminated and the "strong arm" methods laid aside. Congressman Hildebrandt knew from the start that his methods to secure the nomination were unjust and rather than preserve the party prestige, through the efforts of his friend Bishop, he over-rides the will of the people. While the Hon. Charles Q. may have had some grounds for treating Greene county as he did, yet the men he was after were not the one that must suffer. Judge Scroggy had in no way been associated with the "gang" that attempted a hold-up on the present Congressman and it was unjust that he should suffer a dishonest defeat. The facts were plainly stated to the District Board and Judge Scroggy was declared the nominee. When men in one party bind themselves together to rob the voters of their rights then it is time that we have two conventions or three if necessary. The principle of "one man power" isn't Republicanism and never will the voters stand for it.

GENERAL YOUNG MUST GO.

A dispatch from Columbus this morning states that there are three applicants for Superintendent of the O. S. & S. O. Home at Xenia, F. L. Smith, of Cleveland; E. E. Nutt, Sidney; Captain Williamson, of Ripley to succeed General C. L. Young. The report reads that Supt. Young will be relieved of all the blame for the "lark" of the Legislative committee at the home but that he will not be re-appointed.

It can plainly be seen that the hand of Governor Herrick is at the bottom of the investigation, and rather than loose their jobs the members of the Board have decided to select a new man.

BEAUTIFUL WINONA

With the opening of the season at Winona Lake, May 16, the sale of excursion tickets over the Pennsylvania Lines to that attractive resort in Northern Indiana began. Every summer passed there by thousands has only increased their desire to return. On the golf links, the tennis courts, the baseball or cricket grounds, the croquet field, or boating on the lake, fishing, camping, swimming, or attending recitals and lectures by world-famed personages in the auditorium—whatever the diversion may be, the associations are of that congenial sort conferred by good society. This resort is noted as the site of Winona Assembly and Summer School, attracting teachers and students from educational institutions of this and other countries.

Fifteen-day and season excursion tickets will be sold from ticket stations on the Pennsylvania lines during the summer. For information about fares and time of trains, apply to local ticket agents, or to R. Van Dusen, chief assistant General Passenger Agent, Pittsburgh, Pa. Sept 30d.

An Ohio Notary.

Salineville, O., May 23.—Mr. John W. Manning, Notary Public for Columbiana county, and one of the most respected men of the state, has caused to be published the following letter:

"About one year ago I was suffering terribly from kidney trouble. I saw an advertisement of a medicine called Dodd's Kidney Pills and sent for two boxes.

In the meantime, I suffered awfully and as soon as I got the pills I began taking them according to directions and got almost immediate relief and I have this further to say, that after using the two boxes I have never been troubled with my kidneys since.

I have recommended Dodd's kidney pills to others, who have tried them, and everyone who used them has been cured. I think they are a great remedy and all that is claimed for them."

Mr. Manning's letter is a strong recommendation of Dodd's kidney pills and is worth the attention of all who suffer with kidney trouble.

WORLD'S FAIR HOTEL

St. Louis Hoteliers Prepared to Handle Vast Throngs—Prices Not to Be Increased—Hotel Inside of the Exposition Grounds With a Capacity For 6,000 Guests.

Ample hotel accommodations have been provided for the World's Fair visitors at St. Louis both within and outside of the Exposition grounds.

The Exposition management has organized a free information service. A pamphlet has been issued for gratuitous circulation explaining many of the conveniences that have been provided. A list of all the hotels, with rates, is contained in this pamphlet. The entire city has been canvassed, and many thousands of private houses

PORTION OF VARIOUS INDUSTRIES BUILDING, WORLD'S FAIR.

holders have arranged to receive visitors. These houses are in every section of the city, and the rates at which guests will be received is a matter of record on the books of the bureau.

The inside of a hotel on the Exposition grounds, has a capacity for 6,000 guests. The Exposition management has control of the rates, which have been fixed at from \$1.50 to \$3.50 per day. European plan, including admission to the grounds. On the American plan the rates range from \$3 to \$5 per day. The hotel is 400 by 800 feet and is three stories high.

These are more than 150 established hotels in St. Louis, and a signed agreement has been made between many of their managers with the Exposition officials that rates shall not be raised during the Exposition period. Many new hotels have been built on sites adjacent to the Exposition grounds, and the published fixed rates warrant the assertion that no one need pay exorbitant rates for accommodations either at hotels or private houses.

Among the new hotels may be mentioned the Hotel Yononka, Banquet hall, which stands at Clayton avenue and Skinker road, overlooking the Exposition grounds. This hotel will accommodate 5,000 persons. The rates, European plan, are from \$1 to \$5 per day. The Grand View hotel, south of the Exposition, on Oakland avenue, has a capacity for 5,000 guests, and the rates are \$1 to \$1.50 per day, European, and \$2 to \$2.50 per day on the American plan. The Kenilworth, on West Park boulevard and Billon avenue, has a capacity of 4,000 guests, and the rates are \$1.50 per day.

These are the new hotels that have been erected near the Exposition grounds for the accommodation of World's Fair visitors. All told there are about two scores. All are within easy walking distance, and all are situated on high ground, with comprehensive views of the grounds. All of the structures are well built, and in some of them the most luxurious quarters are obtainable. The rates are established and will not be increased during the Exposition.

NEW MUSIC FOR WORLD'S FAIR

Three Compositions by Famous People.

Musical people and all who appreciate good music may thank the World's Fair for three notable compositions, written upon the invitation of the Exposition management. These are the "Tymn of the West," by the most distinguished living American poet, Edmund Clarence Steadman, the music for which was written by Professor John K. Paine, who is at the head of the music department of Harvard university; "Vanderstuck," a march by Frank Vanderstuck, leader of the Cincinnati Orchestra, and "Along the Plaza," by Henry E. Huddle of New York, who has won his laurels long before this as writer of operatic and other musical compositions. This music will be heard publicly for the first time upon the opening of the Exposition on Saturday, April 30, and frequently thereafter in the musical programmes of the greatest of world's fairs. These are the only official compositions.

Thirty thousand dollars will be given in prizes for the best bands at a tournament to be held at the World's Fair. All through the World's Fair the musical feature will be prominent. The most famous bands of the world are under contract to participate during considerable periods. Among these are the La Garde Republican band of France, the Royal Grenadier band of England, the American National band, Boston's band and others.

Gained Twenty Pounds.

Harford Mills, N. Y., May 16.—This neighborhood is aroused as never before by some wonderful cures by Dodd's Kidney Pills. These began with the case of Mrs. J. D. Wallace, who had been in very poor health for a long time and who had got so bad at last that she couldn't walk from her home to the village and back, a distance of about eighty rods, without being tired out and in pain all over. She had only used a few of Dodd's Kidney Pills when she noticed a change for the better, and in a very short time was able to walk any reasonable distance and do any kind of woman's work without feeling any bad effects. She has gained twenty pounds in weight in three months and is now as well a woman as could be found. She declares that Dodd's Kidney Pills deserves all the credit for her wonderful restoration.
